Professor J. C. Ray came up from San Francisco Tuesday evening and spent Wednesday in Ukiah. Professor Ray is one of the most competent and successful high school teachers in the state.

Westport is enjoying quite a boom at this time. It was the first, and up to the present, the only town in this county to oil the streets, and the county road has been oiled for about two miles with excellent results.

The county high schools will open for the ensuing term on Monday, August 3rd.

Dr. A. Copsey and his brother William have returned from their trip up north. The doctor is still in very poor health.

Last week the names of Bert Ruscoe, of Laurel district and Mattie Harvey and Nellie Main, of Montgomery district, were inadvertently omitted from the list of graduates from the grammar school. The above named graduated with honors.

Miss Minette McKay, of Covelo, stood the highest in per centage of the many recent graduates from the public schools. The Ukiah Business College offered a free scholarship to the one standing the highest and Miss McKay has captured the prize.

The Red Men "raised up" their newly elected Chiefs last Tuesday evening and concluded the work by having a nice little banquet. The new Chiefs are F. P. Brown, Sachem; J. F. Barbee, Sr. Sagamore; Joe Thomas, Jr. Sagamore; Fred Smith, Prophet; P. Connolly, C. of R; M. A. Thomas, Keeper of Wampum.

Marvin Ford has bot the place known as the I. C. Reed ranch, on the north side of Ackerman Creek, two miles north of Ukiah, and will reside on the ranch. The tract consists of something over 400 acres, mostly upland and extending back on the hills. The price paid was $4000.

Miss Gertrude Longmore, daughter of William Longmore of this county, has been elected a member of the Santa Rosa high school faculty. Miss Longmore substituted for Miss Holmes of the same school for a time with such distinguished success that she is now given a permanent position.

H. T. Burgess arrived from Mendocino by stage Tuesday, without a guard, and with a commitment to jail signed by Justice Murray, to await trial in the Superior Court on a charge of assault with a deadly weapon, towit—a knife. Mr. Burgess is an elderly man of respectable appearance.

J. B. Sanford, High Chief Ranger of the Ancient Order of Foresters, left this morning for Oregon and Washington, where he will spend six weeks paying official visits to the Courts there. He will be accompanied as far as Seattle by his wife and son, and his mother, Mrs. S. L. Sanford, who will visit with J. L. O'Rourke and family during J. B.'s, itinerary among the Courts.

Recorder Connolly has had his office thoroly renovated and painted and it presents a very neat and attractive appearance now. During the month of June Mr. Connolly collected $422.95 in fees, the largest amount ever collected in that office in the history of the county. The new county government act increases Mr. Connolly's salary from $1600 to $1800 per annum, instead of $2000 as reported last week. Considering the increased work of the office $2000 would not be too much to pay such an efficient and painstaking officer as Mr. Connolly has been.

NEW RULE OF BOARD

High School Students May Not Drink Nor Use Tobacco

Teachers Who Fail to Enforce The Rule Are to be Suspended

The county board of education has adopted the following rule and they propose to strictly enforce it:

No student shall be allowed to attend the high schools who is known to have any vicious habits such as follows: The drinking of intoxicating liquors, gambling, frequenting saloons, barrooms, or other questionable places.

Any Principal who neglects to enforce this rule in any instance, or any assistant teacher who neglects to report to the Principal any student who violates this rule, upon satisfactory proof being presented to the board of education, shall have his or her certificate suspended for six months.

The frequenting of saloons, gambling and the use of intoxicating liquors or tobacco by teachers, except when prescribed by a physician, is condemned, and therefore classed as unprofessional conduct, and hereafter will be dealt with in accordance with paragraph 6 of section 1771 of the political code.

Furthermore, no certificate, renewal of certificate, or recommendation for life diploma will be granted to any person guilty of such unprofessional conduct.

We recommend that trustees of public schools adopt the following rule: "Pupils that use tobacco in any form shall not attend the school in —— district."

Lemos Again

The six horse stage which runs between Sites, in Colusa county, and Bartlett Springs, was held up Tuesday by a "lone highwayman" and the passengers robbed of their money. The holdup took place near the top of the Brim Mountain, the first hill west of Bear Valley and only a few miles from Leesville. The robber lined up the eleven passengers and took their money, declining to take watches or jewelry. He did not disturb the Wells, Fargo box. Mrs. Helms, of Upperlake, gave up $5.50, but on learning that she lived at Upperlake, the robber gave it back to her. The bandit secured about $200. John Williams, the driver, is the man who was with Congressman Theo. Bell of Napa when he, with a posse, were after "Buck" English. It was Williams who shot English and caused his capture and he himself was wounded in the fight. It is said the description of the robber tallies exactly with that of Lemos, the ex-convict who was suspected of the killing of Q. A. Overmeyer a few months ago, but THE DISPATCH does not think Lemos looks anything like the Colusa county bandit.

Union Church Services

The Christian church and the M. E. church, south, in this city will unite in their services next Sunday. Rev. W. O. Waggener will preach to the united congregations at the M. E. church, south, at 11 o,clock a..m. and at the Christian church at 8 o'clock p. m. The young people's societies will meet jointly at the Christian church at 7 o'clock p. m. All are cordially invited to attend all these meetings.

THE UKIAH CELEBRATION

A Fine Street Parade, Splendid Oration and Inspiring Music

Afternoon Sports Draw Big Crowd and Horribles Make Fun

Ukiah's celebration of the Fourth was fully up to expectations, and was the best had here in many years. The day was an ideal one in temperature and the various announced features were given as nearly as possible on schedule time. The street parade was the best and most complete we have ever seen in the town.

Judge J. Q. White acted as president of the day, Mayor J. E. Pemberton, who was to have filled that position, being indisposed.

The literary exercises in front of the court house proved an attractive feature, the music being fine and the oration delivered by Rev. W. O. Waggener being of a high order. The athletic sports, races, etc, in the afternoon under the direction of F. L. Caughey, were much enjoyed by the large crowd. Prizes in this department were awarded as follows:

Fifty yard dash for boys under 12 years—won by Winnie Aldrich in 8 seconds.

One hundred yard dash Amateur handicap—Hagans first, Roth second; time, 10 2-5 sec.

Seventy-five yard dash for men over 40 years—Westerman first, Cal Toney second; time, 10 1-2 sec.

Standing broad jump—Hagans and Briggs tied for first and second; 9 feet, 9 in.

Fifty yard dash for girls under 12 years—first heat won by Ada Scott, second heat by Helen Aldrich.

Three legged race fifty yard dash—won by Garry Stokes and Martin Edwards, Winnie Aldrich and Alex Sankey, second.

One hundred yard dash, free for all—won by Hagans, Briggs second, time, 10 2-5 seconds.

Standing hop, step and jump—won by Hagans, Briggs second; 29ft, 11in

Seventy-five yard sack race—won by Winnie Aldrich, Alex Sankey sec.

Seventy-five yard dash for fat men—won by Stanfield, Hildreth, second time, 1 min, 32 sec.

One hundred yard dash for boys under sixteen—won by Gray, Pressly second.

Indian pursuit race—won by John Elliott, Mike Willis second.

The parade floats awarded prizes were: First "Rebekah" float, $25; second, "The Fairies", Mrs. George Jamison, $20; third, "The Ship of State", Marjorie Case and Marguerite Thomas, $15.

All these floats were very beautiful and much labor and pains, as well as artistic skill and taste were expended in their construction.

Late in the afternoon the Horribles appeared on State street in their unique parade, winding up in front of the court house, where the literary exercises took place. "Chief" Sanford introduced Grand Marshal "Colonel Abe Marks" in the person of Frank Barker, in a neat and eloquent speech. The full-armored Marshal made a short speech and then the orator of the occasion, Mr. Newt Cleveland, delivered an address replete with local hits and wonderfully constructed English. The Horrible prizes awarded were as follows:

Most original horrible—George Dillingham, Indian, $10; second prize, Louis Gunsky, Goddess, $4.

Best sustained home character—Standley & Barnett, representing Smith & Melton, $10; second prize, McGarvey, Southard and Layton, Ukiah Concert Band, $4.

Most horrible horrible—Newt Cleveland, $10; second prize, Barker, Seawell, Grover and Chilson, Col. Abe Marks and Aids, $4.

Best sustained imaginary character—Ed Sanford, $10; second prize, Ollie Cleveland and Walter Ackerman, Hatch, the dog catcher, $4.

The special prizes were awarded to Ernest Reynard and Lorin Huft, Happy Hooligan and the Policeman. R. Smith as Capt. Wallace.

Caspar-Willits Road

On Tuesday of this week articles of incorporation were filed in the clerk's office in San Francisco for the Caspar, South Fork and Eastern Railroad company. It is stated that the road proposed to be constructed will be thirty-five miles long and will extend from Caspar on the coast up the south fork of Noyo river, connecting with the California Northwestern at Willits. The capital stock is $500,000, of which thirty-five shares at $100 per share have been subscribed for by Abbie E. Krebs, Elvena D. Jackson $500, Henry Krebs $500, D. L. Randolph $500, C. J. Wood $500 and the Caspar Lumber company $1000.

The Caspar Lumber company already has between twelve and fifteen miles of track extending from Caspar into the company's woods, and for some time have been driving a tunnel thru a mountain ridge to strike the Noyo. It is supposed that this line will be a part of the line newly incorporated, provided the new company carries out its announced purpose.

One Plead Guilty

George Josslyn, Earl Jamison and Emerald Frank, who were arrested for violating the game law, appeared for trial in Justice Crockett's court last Monday with T. J. Weldon as their attorney. They demanded separate trials but that was refused and a jury was impanceled to try them all together. The jury failed to agree, standing eight for acquittal and four for conviction. The case was then set for retrial Thursday morning and a venire for 25 jurors was issued. On Thursday morning the case came up. Attorney Vogelsang appeared for the State Game Commission, and after consultation it was agreed to allow one of the boys to plead guilty and to dismiss the charge as to the other two. Accordingly young Jamison entered a plea of guilty and was fined $25.

Death of Mrs. I. C. Tindall

On last Friday Mrs. I. C. Tindall, mother of Charles Tindall, of Lakeport, died at the home of her daughter, Mrs. C. J. Osborn at the age of seventy-eight years. The deceased was one of the early settlers of Ukiah valley where she resided for many years. Her husband died several years ago and she had since resided with her daughter. The funeral took place Sunday from the Christian church.

The Hopland Band

The Hopland band assisted in furnishing music for our celebration last Saturday: The people of Ukiah have nothing but praise for the manner in which this recently organized band acquitted itself. Both in the parade and in the afternoon concert, in which the two bands played alternately, it did credit to its members and its instructor. We hope the boys will come up again at an early day.

Drug Store Sold

Mrs. W. A. Hoffman has sold her drug store at the corner of State and Standley Streets to Bert Gibson. The new owner needs no introduction to the people of the this county, as he has been the chief druggist in the establishment for a number of years, and is widely known as a man who thoroly understands the business.

GENERAL NEWS OF THE WEEK

Gathered From Here There and Everywhere.

Summary of What has Just Occurred. Accidents And Incidents

Last week the supreme court of this state handed down a decision in a Mendocino county case which presents features of much interest; not so much on account of the amount involved, but because in all the 137 volumes of California reports there is no decision directly laying down the law upon the points raised. The case is as follows:

Ex-Supervisor Sam Duncan was the administrator of the Willard estate, the property of which consisted chiefly of a large farm near Hopland. In due course of time the land was put up for sale to the highest bidder. The highest bid received was $15,500 and the land was sold at that price, subject to confirmation by the court. The administrator thot the price obtained was too low. He therefore made a contract with a broker or real estate agent named Mulgrew, by the terms of which Mulgrew was to receive a commission from the estate provided he should find a buyer for the land who would pay $20,000 or more for it. When the former sale came up for confirmation by the court, Attorney Robert Duncan appeared on behalf of the heirs and objected to confirmation. The court then asked for bids higher than $15,500 and Col. D. M. Burns bid $20,000 on behalf of Burns & Waterhouse, and the land was knocked down to that firm, and Mr. Burns drew his check for the amount. Mr. Mulgrew then put in his claim for a commission for finding a purchaser, as agreed upon between himself and the administrator. Attorney Robert Duncan, acting for the heirs objected to the payment of this commission, claiming that to pay the same out of the estate would be illegal. His contention was that if the administrator made any such contract with Mulgrew, he should pay it out of his own commissions.

Mulgrew employed Attorney A. J. Thatcher to represent him, and Judge Mannon finally decided that Mulgrew was entitled to $1000, to be paid out of the estate. Attorney Duncan appealed the case to the supreme court, and as stated above, a decision was reached last week. Judge Mannon's decision was affirmed and a California precedent is thus established.

Got a Bad Fall

Last Friday Jas. York took a fall which bruised him up considerably and he was lucky that it resulted no worse. He was running his horse after stock on his ranch north of town, when the animal stepped into a dltch and turned a summersault, alighting on her back and rolling over on the rider. Jim was hurt all over but no bones were broken.

Baseball Again

From now on, out at the baseball diamond, each Sunday afternoon, there'll be big doings in baseball. The fellows have finally got out of that awful trance, and have got together for keeps.

Ukiah is going to put a team on the field that will be right there with the goods. The lineup, after a few evening's regular practice, will be a strong one, and the management and their backers are betting their money that they've at last gathered together a bunch of colts that are winners.

Old "Chief", who is now rounding into good form, will heave the horsehide, and the war horse has a few up his sleeve. Just watch him operate next Sunday.

The new infield surely looks good. Hays, who has worked with the San Jose amateurs, will smother the sphere at short.

Wirt, who has bumped up against Ukiah twice, will now wear a Ukiah uniform and take a chance at hot ones around the second station.

Ray George will do some fast prancing around third sack, and and shoot the leather over to "lengthy" Van, who will occupy the initial mattress.

The receiving end of the battery has not yet been decided on, and the outfield, with the exception of fleet footed Hagans, has yet to be picked from seven fast fly chasers.

A regular schedule of games has been arranged and some good exciting times are in store.

The first game is to be called Sunday, July 12. The Willits bunch will come down here Sunday with an excursion. After winning one game from our boys they expect to return with nine Ukiah scalps. With the new lineup, however, the local lads say they've got 'em skinned a city block. So you'll certainly see a good hot scrap for a quarter.

Be loyal to your town and support the home lads. Be out early and help root the boys to victory. c

The Commoner.

(Mr. Bryan's Paper.)

The Commoner has attained within six months from date of the first issue a circulation of 100,000 copies, a record probably never equaled in the history of American periodical literature. The unparalleled growth of this paper demonstrates that there is room in the newspaper field for a national paper devoted to the discussion of political, economic and social problems. To the columns of The Commoner Mr. Bryan contributes his best efforts; and his review of political events as they arise from time to time can not fail to interest those who study public questions.

The Commoner's regular subscription price is $1.00 per year. We have arranged with Mr. Bryan whereby we can furnish his paper and THE DISPATCH together for one year for $3.25. The regular subscription price of the two papers when subcribed for separately is $3.50.

The Southern Pacific Railroad Co. will make special half fare excursion rates to various eastern points for June 24th to 30th inclusive, July 15th and 16th, and August 25th and 26th. Only one way fare for round trip with time limit of ninety days. Particulars of any agent, or write to G. T. Eorsyth, Div., Frgt. and Pass. Agt., 468 Tenth St., Oakland, Cal.

The Winter Route East.

An erroneous impression prevails that because the Rocky Mountains have a high elevation, the winter climate is cold and snowy. The fact is, the average precipitation of moisture during the entire year is less than fifteen inches, and danger from snow blockades on the railroad very slight. This is especially true of the Denver & Rio Grande, over which System travel has gone with less interruption for the past ten winters than upon the majority of lines popularly supposed to be free from such delays.

Old Winter but adds to the majestic beaut of the mountain scenery along the way. It brings no fear nor discomfort to the traveler on the "Scenic Line of the World."

Our personally conducted daily excursions are operated all the year ound and are cheap and comfortable means of reaching all parts o the East.

A Letter From Litchfield, Neb.

Thomas Clancy, of Litchfield, Neb. wrote us a few weeks ago about his experience with Dr. Gunn's Blood & Nerve Tonic. As his case may be similar to others it naturally would be of interest to them to know the result of his test. He had been haunted for years with a gradual growing weakness until he was reduced to almost a shadow. His complexion was sallow and pimply, had dizzy and sinking spells, with loss of memory and ambition. Always felt tired and outdone, suffered greatly with nervousness, and felt that his heart's action was weak. His digestion was so poor his system received no nutri ment. He says he commenced the use of this Tonic, taking one tablet after each meal. He did not notice much change after using one box only he enjoyed his meals better, still he kept on until he had used six boxes. He used the last box more than six months ago. When he stopped the use of the Tonic he weighed 28 lbs. more than he did when he commenced. Has not been sick a day since, and is well in both mind and body. Dr. Gunn's Blood & Nerve Tonic is the best medicine in the world for pale, weak or sickly women. Sold by all druggists for 75c per box, or sent by mail on receipt of price. Write us about your case. Address Dr. Gunn, Philadelphia, Pa. For sale by Mathews Drug Co.

The finest body of clay suitable for the manufacture of fire brick, pressed brick, paving brick and fine pottery, west of the Rocky mountains, is found in the Sutter county buttes. Portland cement and German cement may also be manufactured there in large quantities. A company has bonded 7000 acres of this land and is making arrangements to begin work on a large scale.

MENDOCINO PICK-UPS.

From the Beacon.)

The sale of the Gualala timber land, mill and railroad property has been perfected, and the details of the transaction are announced by P. Rothermel, who acted as the broker. It includes 24,000 acres of timber land on the Gualala River at the boundary line of Sonoma and Mendocino counties, with an ocean landing and shipping point. The Heywood brothers were the controlling owners in the old company, having been in possession of the holding for over thirty years, and manufactured lumber for the wholesale trade of San Francisco. They retire with a fortune. The new company is composed of C. T. Crowell, a Los Angeles capitalist. Messrs. Davies and Harris, of Southern California, and W. B. Allen and W. G. Wadley, prominent lumber men of St. Louis, who own extensive tracts of pine lands and sawmills in Arkansas and Louisiana. The amount involved in the purchase of this property is in excess of half a million dollars. The new company will make some improvements to the mill, which is one of the largest on the Pacific coast, extend the railroad into the virgin forests, and increase the output to over 100,000 feet a day. The St. Louis purchasers will manage and superintend the property.

Lovers of good butter will regret to learn that the Whitesboro creamery has closed down for the season on account of the range feed drying up.

Miss Florence Blair, who recently graduated from the state normal school at San Jose, departed this morning for Signal where she will teach during the ensuing term. We wish Miss Florence unbounded success.

The mill company changed back to its old ten-hour schedule Tuesday, having caught up with its overtime rush orders.

The employees of the Mendocino Lumber Co., certainly have occasion to be proud of so good a company to work for. With the company's generosity of last Christmas still fresh in their minds, when each man received the equivalent of a good fat turkey, with plenty for cranberry sauce, i. e., each a ten pound box of raisins, a bag of assorted nuts and $2.50 in coin of the realm, on the 1st inst., each man had added to his pay check an amount equaling five per cent of his earnings for the past six months.

FROM FORT BRAGG.

From the Advocate.)

In the recent competitive teachers' examination held in San Francisco for the appointment of teachers to the schools of that city, Miss Emma Haas of Westport, who for the past year has been teaching at Cleone, stood fourth on the list. Miss Haas is a native of this county and received all of her education in our schools, being a member of the class of '98 of the Mendocino high school. As a teacher, she has been successful.

H. F. Milliken has returned from San Francisco, bringing up an engine to pump water from a well into his reservoir, and if the people will only refrain from using water on their gardens for the next three or four weeks, he says he will have plenty of water for everybody. We hope such will be the case, for the town needs more water. We distinctly remember one time when the City Council took the water question up for discussion in the summer time (month of July). Mr. Milliken appeared before the Board and said: "Gentlemen, I am working on a scheme, and if you give me six months' time, the city of Fort Bragg will have all the water it wants." Mr. Milliken was right, for in the month of January, as a general thing, it rains hard in this section. Leaving all jokes aside it is now up to Mr. Milliken to get in and do something, for if this place grows much larger, this question cannot be postponed. It will have to be met and disposed of in some way.

Very Remarkable Cure of Diarrhoea

"About six years ago for the first time in my life I had a sudden and severe attack of diarrhoea," says Mrs. Alice Miller, of Morgan, Texas. "I got temporary relief but it came back again and again, and for six long years I have suffered more misery and agony than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' perscriptions and treatment without avail. Finally we moved to Bosque county, our present home, and one day I happened to see an advertisement of Chamberlain's Colic, Cholera and Diarrhoea Remedy with a testimonial of a man who had been cured by it. The case was so similar to my own that I concluded to try the remedy. The result was wonderful. I could hardly realize that I was well again, or believe it could be so after having suffered so long, but that one bottle of medicine costing but a few cents, cured me." For sale by J. R. Pretty Safe Rule To Go By.

When there is a feeling that the heart or lungs, blood or liver, brain or nerves are diseased, at once commence to doctor the stomach. That is the foundation of the trouble in 90 cases out of a 100. Commence to regulate the digestive organs, get them in healthy working condition, and the other troubles will leave of themselves. Diseases which have their begining in the stomach must be cured through the stomach. The medicine for stomach disorders and half the ills of life, is Dr. Gunn's Improved Liver Pills. These pills put all the digestive organs in good condition so that disease has no basis to work upon. They are sold by all druggists for 25 cts per box. One pill is a dose. We will send a box post-paid, on receipt of 25 cts, or to anybody who wants to try them we will send 2 pills free. Send name and address to Dr. Gunn, Philadelphia, Pa. For sale by J. R. Mathews, Druggist.

A Wonderfull Oil Well

A Dispatch from Santa Barbara says: One of the most remarkable oil wells in the country was uncovered tonight in the Carerga district and considerable excitement has been occasioned.

The first flow was forty barrels to the minute and shot fifty feet above the derrick. The well was sunk to over 1,000 feet. It is believed the well will prove one of the richest yet uncovered. The yield of oil is a wonderful one.

Big Fire at Santa Rosa

A few minutes before three o'clock last Sunday afternoon fire broke out in the northwest corner of the large freight depot of the California Northwestern road at Santa Rosa. A strong north wind was blowing and in a short time the whole building and the passenger depot were in flames. The flames leaped across the street to the Western Hotel and that building was doomed. The fire spread rapidly until the large warehouse of Cnopius & DeGeus was reached, then came four dwellings with out buildings, the tannery stable and about 400 cords of tan bark. The tannery buildings and the extensive brewery of Grace Bros. were in great danger but fortunately the further spread of the flames was checked at the tan bark pile. Many other houses were seriously threatened, but by arduous work were saved. A number of freight cars standing on the track were burned down to the wheels. The loss is estimated at from $90,000 to $100,000, the largest share falling upon the railroad company. The cause of the fire has not been determined, but it was probably a cigar or cigarette thrown carelessly under the corner of the freight depot. The railroad company will immediately rebuild.

Is the beginning of the Great Clearance Sale at the

CITY OF UKIAH

A SALE that will long be remembered by the buying public. This sale will by far surpass any of our clearance sales held heretofore, as we purchased a much heavier stock for this spring and summer than ever before, and owing to a cold spring and a poor season in general, left us with a much larger stock than we want to carry at this season of the year. Not wishing to carry any goods over, which is against our policy, and besides being forced to make room for a great fall and winter stock, we have decided to inaugurate a sale such as has never been heard of before. This great sale begins **To-morrow, Saturday, July 11th,** and will be continued for 30 days. The entire spring and summer stock must be sold. Cost will cut no figure during this sale. Come in and you will be convinced that we mean business. This is a chance of a lifetime.

BOARD OF SUPERVISORS

The Board of Supervisors met at 2 o'clock Monday, July 6th.

Ordered that the Auditor draw his warrant on the salary fund on the first Monday in each month in favor of the Game Warden for $45 for the fractional part of June and for $50 for the following months up to December 31st, 1903.

Ordered that printing rate for county bill blanks be fixed at $3.50 per hundred.

Eighty-seven retail liquor licenses were granted.

District Attorney Robert Duncan filed a written opinion, advising the Board that it had the power and authority to pass upon, audit and allow claims for road work in the third district of which T. E. Long, deceased, was Supervisor. It is only necessary that the Board should be satisfied that the claims are legal, that the work was properly performed, and that it was done under the authority and employment of T. E. Long.

J. F. Barbee and C. P. Smith were appointed a committee to see about renting suitable rooms for the meetings of the Board of Education.

Bids for the construction of Anderson Creek bridge were opened as follows: C. H. Morbery, $2440.00; E. M. Duff, $2015.00. The awarding of the contract was continued to Monday, July 14th, 1903, at 3 p. m.

John Cameron was granted five days off each month of his term in jail for good behavior.

The order of the Board, made and entered on the minutes July 7th, 1899, offering a reward of $50 for the arrest and conviction of any person for selling or furnishing intoxicating liquor to Indians or minors, was rescinded.

Reports of Justices of the Peace Armstrong, Cummings, Crockett, Gilmore, Whipple and Kenworthy were received and placed on file.

Report of D. E. Mankins, Hospital Warden, received and filed.

The following claims against the county were allowed:

Cholera Infantum

This has long been regarded as one of the most dangerous and fatal diseases to which infants are subject. It can be cured, however, when properly treated. All that is necessary is to give Chamberlain's Colic, Cholera and Diarrhoea Remedy and castor oil, as directed with each bottle, and a cure is certain. For sale by J. R. Mathews Drug Co.

Your Hair

"Two years ago my hair was falling out badly. I purchased a bottle of Ayer's Hair Vigor, and soon my hair stopped coming out." Miss Minnie Hoover, Paris, Ill.

Perhaps your mother had thin hair, but that is no reason why you must go through life with half-starved hair. If you want long, thick hair, feed it with Ayer's Hair Vigor, and make it rich, dark, and heavy.

If your druggist cannot supply you, send us one dollar and we will express you a bottle. Be sure and give the name of your nearest express office. Address, J. C. AYER CO., Lowell, Mass.

A Natural Marksman.

Marksmen are born, not made, as Horace might have said. A man who had been in the navy only three weeks was a member of one of the crews manning a 6 pound gun on a recent target practice cruise of the Texas. He aimed the gun—the first time he had ever done such a thing—and hit the target at a thousand yards. Then, just to show that it was not luck, he hit the target nine times more in succession.

Trying the Fad.

The cannibal king pores long and earnestly over a package of circulars which have been taken from the person of one of his captives. At last he says:

"Well, these arguments in support of the different diets certainly do interest me. I believe I will try a change." Summoning his chef, he orders, "Serve that health food man for breakfast tomorrow."—Judge.

ACCIDENTAL?

The jury returned a verdict of accidental death on the man who fell from the window ledge on which he had fallen asleep. But the death was really due to carelessness which made the accident possible.

There are a great many lives suddenly terminated as a result of carelessness, although the medical certificate may read "heart failure." When a man takes chances with his stomach and neglects the warning symptoms of disease, he is carelessly inviting calamity.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect digestion and assimilation of food, which makes strength. It stimulates the liver, cures biliousness, and removes bilious impurities from the blood.

"I had been troubled with a pain in lower part of my stomach for three years, so severe I thought it would kill me in time," writes Mr. Aaron Van Dam, of (Kensington) 2549 119th St., Chicago, Ill. "I could hardly work; it felt like a big weight hanging on me and got so bad that I had to take medicine. I used Stomach Bitters for a time, but it did no good so I wrote to Dr. R. V. Pierce for advice, which he gave me immediately. I followed his directions; used two bottles of his medicine and was cured. I had a torpid liver which was troubling me instead of cramps (as I thought), so Dr. Pierce told me. I have pleasure in living now; have gained in weight 15 pounds since then."

Dr. Pierce's Pleasant Pellets cure constipation. They do not beget the pill habit.

FOR THE LITTLE ONES.

A Little Trick You Can Play With a Nickel and a Match.

Get a long match, the longest you can find, and break it almost in two in the middle. If you bend it carefully, the fracture will not be complete, for the two parts will be held together by a few fibers of the wood, even though you bend them so as to form an acute angle.

Now lay the bent match on top of the mouth of a bottle, and on it place a nickel coin. What you have to do now is to cause the nickel to drop into the bottle without your touching either it or the match. Apparently this will be hard to do, but you can easily find a way if you put on your thinking cap and recall what you have learned at school about the effect that moisture has on wood.

You catch the idea, of course—all you have to do is to let a few drops of water fall on the place where the match is broken and wait. Presently you will see the two parts of the match move of their own accord, trying apparently to resume their former straight form.

This motion of the two parts will keep up until they have a wide enough space between them for the coin to drop through, when, of course, it will fall down into the bottle.

The secret of the trick is that the water makes the wood swell, and the more it swells the more the two parts tend to straighten themselves.

You do not require a bottle to perform the trick, for the match will try to straighten itself on anything that is smooth, like a polished table or a china plate. Of course, a smooth surface is necessary to prevent friction.—New York Press.

A Young Scotch Champion.

D. Flynn, the present Scottish champion cyclist at ten and twenty-five miles, won his honors in 1902, when he was seventeen years of age. He has won fifteen trophies exclusive of his two national championship medals. His height is 5 feet 2 inches, and he weighs 164 pounds, a wonderful build for a boy not yet eighteen years of age. He made hacks of many notable English riders over a good distance this year in Glasgow.

Didn't Know Papa.

When Margaret was eight months old, she and her mother came home from the Philippines, leaving papa in Manila. Now she is two and refuses to adopt papa, who, just returned, is trying to get acquainted with his daughter. Finding her busy with pencil and paper one day, he asked, "Writing a letter, baby?"

Without deigning to look at him, Margaret answered: "Go away, man! I'm writing to my dear papa in 'Nilla."

Johnny Wanted Cake.

"Mamma dear, why don't you be polite to our little Johnny, just the same as you are to visitors?" asked the side of the family.

"Why, what should I do, Johnny?"

"Well, mamma, ask me if I won't sit down and take some cake."

Growing.

The oak tree's boughs once touched the grass
But every year they grew
A little farther from the ground
And nearer the blue.
So live that each year may be,
While time flies softly by,
A little farther from the earth
And nearer the sky.

WE CALL attention to the new rule adopted by the Board of Education, which appears in another column of this issue of THE DISPATCH. It is a good rule, and if faithfully enforced and obeyed, will prove of incalculable benefit in and to our schools. The time has come when some firm and decisive action should be taken along the lines indicated by the rule. The use of injurious narcotics and stimulants by students in our schools is on the increase and something positive ought to be done to stop it. The state law makes it obligatory upon teachers to teach the injurious effects of narcotics and stimulants upon the human system. This is useless as long as teachers indulge in these things themselves, or allow students to do so, in any degree whatever. It is nonsense to tell a boy that the persistent use of a slow poison will finally kill him, and then stand calmly by and see him take that poison every day. The purpose of the rule is to put a stop to the use of these things by boys who are growing and developing. It is during that stage of life that narcotics and stimulants are most permanently injurious. It is then that they dwarf all the powers of body and mind. If, when our boys attain to maturity, they choose to indulge in injurious or dangerous practices, the state cannot entirely prevent it, but while they are young, and are, in a sense, the wards of the state, every pains should be taken to see that they are protected from these things. It may be said in criticism of this rule, that it interferes with personal freedom. In reply we say that the public schools are maintained by the state, and the state has the right to say, thru its laws and proper representatives, upon what conditions and terms the benefits derived may be appropriated. It is criminal on the part of parents or teachers to allow children or pupils to indulge in practices, or to contract habits known to be injurious and dwarfing to mind and body. The Board of Education should receive the earnest and hearty support of parents and teachers in enforcing the rule referred to.

THE WILLOWS JOURNAL, edited and published by Ed Sehorn, has entered upon its seventh year. In announcing the fact, editor Sehorn said: Six years ago, in our childish innocence, we thought the newspaper business was a thing of beauty and a joy forever; today we know that it is a more difficult job than managing a lunatic asylum. Our young and hopeful mind pictured a newspaper man's road through life like unto a green path through a sweet field of clover; but, alas, we have found it more like a trip up a hot and ugly street covered with fresh crude oil. And if our subscribers would only love us for the enemies we have made, we wouldn't be so profane every time we look at our subscription book. Thank Heaven, however, we have a rich stock of experience on which there is no mortgage, and we hold one comforting thought which is: That if there are any such things as recompense and a hereafter, the country editors will all be politely ushered within the pearly gates by St. Peter and handed a well-tuned golden harp.

The San Francisco morning dailies—The Call, Chronicle and Examiner—have raised the price of subscription to $8 per year. The gigantic trusts raised the price of paper and machinery on one end and the labor organizations raised the scale of wages on the other, so the papers formed a combine and raised the price of subscription in order to keep from being crushed between the upper and nether stones. So the readers—the people—must pay the exactions of the trusts in the long run. The exactions of the trusts are felt in all avenues of life, and the people—the consumer—must pay the tribute in the end. How long the people will patiently submit to such legalized robbery is a question they alone can answer. It is the middle man, the consumer, that must bear the burden of trust rule. It is in their power to dethrone the trusts. Will they do it in 1904, by "turning the rascals out"?

Judge Seawell, of Sonoma, decided a case at Santa Rosa Monday which has some features of general interest. L. L. Rickard drew a check for $310 for payment of a gambling debt. The check fell into the hands of Thomas J. Butts, an innocent party. Judge Seawell gave judgment for the defendant, and stated that it is the policy of the law to discourage the payment of money lost in gambling, even tho the plaintiff may be an innocent sufferer.

Away up in Deleware, within forty five minutes ride of Philadelphia, and only three hours from New York, a negro named White was taken Tuesday morning from his place of confinement by a mob of 4000, burned at the stake, and his body riddled with bullets. He had killed a white girl and confessed the crime. It's a far cry from Texas to Deleware, but human nature is much the same at both ends of the country.

State Horticultural Commissioner Elwood Cooper has made arrangements with United States consuls in Europe and other foreign countries to furnish reports of the conditions of the fruit crops and trade in all foreign fruit centers. These reports will be of great service to California growers and shippers.

The District Attorney of Sacramento county has given notice that the use of slot machines in that county must stop at once, and it is thot the order will be obeyed without trouble. The use of money paying slot machines is a plain violation of the state law, and ought to be suppressed everywhere.

On the 4th inst the town of Wheatland on Bear River in Yuba county, was largely destroyed by fire, which started from fire crackers, exploded by small boys. The loss is nearly a quarter of a million dollars, and includes many of the most important business houses in town. The same part of the town was burned in 1898, and had been substantially rebuilt.

The celebration at Lakeport on July 4th was a decided success. People from all over the county attended and Lakeport handled the crowd admirably. The barbecue was splendid. The boat races, yacht races, fire dances, baseball and fire works were all extremely good and the people enjoyed the day very much. Carl Coffin was the engineer on the winning launch.

Alexander Evans, a well-known rancher and prominent Odd Fellow of the Petaluma district was found dead in his bed Monday morning he having gone to bed the night before in his usual health. He was 65 years old.

Held-Poage Wedding

Attorney W. D. Held and Miss Ethel Poage of this city were married in San Francisco last Monday afternoon at two o'clock. The marriage took place at Centenary Church and Presiding Elder J. E. Moore performed the interesting ceremony. Those present to witness the marriage were Attorney W. G. Poage and wife, Miss Mary Poage, H. C. Mohn of Willits, and Miss Kate Held of Ukiah. The groom is the well known Ukiah Attorney and the bride has been an efficient teacher in the Ukiah Grammar School for a number of years. The young couple will return to Ukiah in a few days, and will take up their residence in the handsome new cottage built by Mr. Held on Perkins street just west of the Presbyterian church. The DISPATCH joins the many friends of Mr. and Mrs. Held in wishing them all the joy that married life can bring.

More Railroad Rumors

An interesting bundle of reports has just been sent to President Harriman, of the Southern Pacific, which will probably decide him to build the contemplated extension of the Columbia Southern of the O. R. & N. in Oregon. This is the road which it is prophesied will one day meet the San Francisco and Eureka, now building north from the California Northwestern terminus, and to the construction of which it is said Harriman will devote the purchase price paid by Clark for the Oregon Short Line.

Should Harriman give his final decision for the road at once, surveyors will be sent into the field without delay, and the Columbia Southern will push its way south toward the northern boundary of California, which it is said to be Harriman's intention to reach in the future.—The Bulletin.

Outside His Jurisdiction

The divorce case of Ruby Nichols against J. J. Nichols was dismissed by Judge Burnett at Santa Rosa Wednesday on the ground that the defendant had not been heard from for ten years and is therefore supposed in law to be dead. Judge Burnett remarked in making the order, that "it would be an unprecedented proceeding to grant a divorce from one who has apparently passed beyond the jurisdiction of earthly tribunals."
